

HSI

HSI is an organization that works to support over 8,000 children, adolescents, adults, families, and seniors a year who live in Washington County and are challenged with aging, mental or chemical health, and sexual or domestic violence issues. Our mission is "to help people overcome and prevent life impairments by developing individual potential and promoting meaningful participation in family and community." HSI is a local nonprofit agency supported by community members for community members and your support is important to us and those we serve.

Thank you for supporting HSI's 14th Annual Charity Golf Classic
